Greensky Bluegrass: Show Preview

The name says a lot: **Greensky Bluegrass**. So sky is the limit when floating on clouds of intricate melodies, strings, and more strings. We're talking banjo, mandolin, dobro, upright bass, and acoustic guitar with earnest, laid-back vocals. Ten-minute jams speak to the band's need to take the music higher; even raggy horns and fuzz guitar find their way into the grooves sometimes. Greensky's vision has a broader appeal than most country: While hippie dancers love the Dead vibe, musicians dig the instrumental mastery. And world-class new-grass vet **Sam Bush** will guest on mandolin this Friday, too.
